"The Fire Flingers"

The dramatic tale of the impersonation of a wealthy printer by an ex-convict, who is the cause of the former's death. Hatton, the ex-convict, tries to go straight. He looks enough like the murdered man to be his double—especially without his beard. The story deals with the relations between the impostor and his "wife," really the widow of the dead man. This story appeared in the Saturda Evening Post. One of the beat pictures ever produced, Rupert Julian takes a double role in this great picture.

"IT'S A UNIVERSAL PICTURE"

A very unpleasant dust storm was brought to an end Thursday by a glorious snowfall. The mild weather which has prevailed for a full month still continues at the time of writing, though there are indications of colder weather soon.

A Message for You Men

Attention Men! Why You Should Go to Sunday School

Your children will profit immensely by your example. The Sunday School is a bigger institution when men attend it.

The Sunday School has a ways needed what men could bring to it in leadership and financial support in order that it might better serve children and youth.

The fraternity of Bible Class men is rich in social fellowship, and abundant in mutual helpfulness. It democratizes men.

In the fellowship of the Bible Class, religion escapes conventionality and wins men by its reality and wholesomeness. It is a good place to appraise religion as a practical necessity.

The insistent questions of rights, duties, personal religion and immortality are discussed with the utmost frankness. Busy men need such a form for such discussion.

The community suffers from organized vice in one form or another. Right thinking men must organize to make righteousness dominant in the community. The Bible Class stands for applied Christianity.

The Methodist, Presbyterian and Lutheran Sunday Schools meet at the close of the morning service; the Nazarene Sunday School at 2 o'clock, and the Anglican Sunday School at 3 o'clock.

What Phonograph Shall I Buy?

How many times, when the subject of purchasing a phonograph or talking machine has come up, have you asked yourself this question!

The Edison tone test answers it for you, completely, convincingly

Over two million music lovers have been present when this test was being made; and they have realized, as you will realize, that the New Edison alone can actually re-create the human voice and the music of human-played instruments.

It is all-important that you hear

The NEW EDISON "The Phonograph with a Soul"

because it is the only instrument that re-creates the singer's voice so faithfully that the human ear cannot distinguish the rendition of the artist from that of the New Edison.

artist from that of the New Edison.

The wise way to choose your phonograph is to have the several makes of phonographs and tailing machines sent to your home on trial, where you can make direct comparisons among them, and then decide which not you would like to keep—which none you think you would tenjoy hearing as much five years from now as you do to-day.

Be your own salesmen. Sell a phonograph to yourself. We will lly send a New Edison to your home for the purpose, without gation on your part.

O. L. Reinecke, - Claresholm, Alta.

A Novel and Ingenius Form of PackIng Create or Box
Arrangements are being made in
Great British for increasing the output of a novel and ingenious form of
packing crate or box. It requires no
nails, no screax, no hinges, no whrest
it is collapsible, and when put togetheer is capable of holding any kind of
merchandise. Rigidity to above to
special method of scaling the cases
has been adapted to render the work
of the pillerer more difficult. With
the ordinary nailed-up box it is an
easy job for the railway third to aptity a jenny of a nail little and retogether of the package after he has extracted
the contents. With this new crate it
is impossible to extract any goods
without leaving obvious signs that the
trackage has been tampered with. An
other advantage in these days of concentrics takes only one-fifth of the
espace occupied by the non-collapsible
box.

Preşent Flag to City Winchester, England, Gives Token of Friendship to Winchester, Va. The Increased Price of Wheat

The Canadian Wheat Board has announced an increase of 50c a bushel in the price of wheat to the millers. This action has been taken because Mr. Julius Barnes, of the United States Grain Corporation has succeeded in his attempt to have removed those war-time restrictions which prevented the free cutry of Canadian wheat into the United States. The farmers of Western Canada must appreciate what has been done for them by Mr. Barnes.

Dear Sir:-

Neidpath Farm

The Delco-Light Plant you sold me to light my farm has not only given us the pleasure and convenience of electric light in all our buildings, but it is rapidly paying for itself in the work it does

It would be a good investment for us aside from the lighting altogether. So far, we have found 16 jobs for Delco on our farm, and we are constantly finding new jobs for it. We are using power from Delco-Light to run:—

- (1) 3-unit milking machine.
- Cream separator. The pump in the dairy.
- (4) Root pulper.
- Emery stone. Horse clippers

I. O. O. F. Install Officers

G. H. P. Filleul.
G. J. Norgard.
G. A. P. Moore.
G. D. L. Reynolds.
L. C. Cramer.
Rev. F. W. Locke
or. Lee Elgin.
K. Simpson.

- Sheep-shearing machine. Faming mill. Washing machine.

- (15) Lighting our home, stable, outbuildings and yard. (16) Violet ray generator.

(14) Pumping water for house-hold use.

Toaster. (12) Toaster.
(13) Charging batteries on our motor car.

We have never figured this work down to so many hours per day, but we do know that we can operate the farm with one less man than we used to. Figure out the wages and board of a farm hand and you can see what the Delco-Light plant saves us.

We used to run a gas engine on the milker and cream separator, at a cost of 10 cents a day. Our Delco-Light plant supplying light and power for the whole farm costs only 7 cents a day.

It would not only be a harder proposition to run our farm without Delco-Light, but it would cost us a lot more money. We have no hesitation in recommending any farmer to harness up his farm to Delco-Light.

Yours truly,

onnon on
